

CA05

International Affairs and Organisations

About 4-6 questions a paper. Almost always at least one summit-venue item, one index-rank item and one Nobel or global-recognition item. Content is current to September 2026 — the Nobel Prizes 2026, COP31 and the outcome of the BRICS Delhi summit all fall after that and before the exam, so you must add them yourself.

Summits, their host cities and their edition numbers; the agreements India signed and with whom; who took charge in which country; which organisation publishes which report; and the Nobel roll. RPSC turns this material into matching and ordering questions almost mechanically — summit to venue, report to publisher, event to date. So organise it the way the question will come: by organisation, by region, by calendar.

International Affairs (to September 2026)

Climate

- COP30 Belem, Nov 2025
- Global Mutirao package
- COP31 Antalya, Australia presides
- No fossil-fuel roadmap

Asia-Pacific

- 22nd ASEAN-India, Kuala Lumpur
- APEC 2025 Gyeongju
- India is not an APEC member

Hosted by India

- AI Impact Summit, Feb 2026
- 11th Raisina Dialogue, Mar 2026
- 18th BRICS Summit, Sep 2026

G20

- 20th: Johannesburg 2025
- First on African soil
- Ubuntu, 122 paragraphs
- 21st: Miami, Dec 2026, US chair

West Asia

- US 20-point Gaza plan, 29 Sep 2025
- Sharm el-Sheikh summit 13 Oct 2025
- UNSC Res 2803, 17 Nov 2025
- Board of Peace and ISF

Nobel 2025

- Peace: Maria Corina Machado
- Literature: Krasznahorkai
- Chemistry: MOFs
- Economics: creative destruction

BRICS and SCO

- 17th BRICS Rio, Jul 2025
- India chairs BRICS 2026
- 18th Summit New Delhi
- 25th SCO Tianjin; Kyrgyzstan next

India's bilaterals

- Putin visit, 23rd Summit
- 16th India-EU Summit, Delhi
- UAE: USD 200 bn by 2032
- Uzbekistan CSP, Aug 2026

India in indices

- Happiness 116th (2026)
- HDR 130th (2025)
- Hunger 102nd (2025)
- Terrorism 13th (2026)

How to read this chapter

International affairs feels endless because the news is endless. It is not endless in the exam. RPSC asks four kinds of question here and only four. Where was the summit held. Which edition number was it. Who publishes that report and where does India rank. And put these four events in order. Prepare for those four shapes and the section is covered.

- Learn every summit as a triple — EDITION NUMBER, HOST CITY, YEAR. Any one of the three can be the question.
- Learn every report as a pair — REPORT and PUBLISHING ORGANISATION. That is a match-the-following waiting to happen.
- Learn every bilateral as PARTNER, WHAT WAS SIGNED, THE TARGET NUMBER. The target number is what gets asked.
- Match-the-following is about 12% of the RAS paper, and current affairs is where RPSC concentrates it.
- Everything below is current as of September 2026.

YAAD RAKHO

Remember the 2025 summit sequence — it is the backbone of every ordering question in this chapter. SCO Tianjin (31 Aug-1 Sep), Gaza summit Sharm el-Sheikh (13 Oct), ASEAN-India Kuala Lumpur (26 Oct), APEC Gyeongju (31 Oct-1 Nov), COP30 Belem (10-22 Nov), G20 Johannesburg (Nov), Putin in Delhi (4-5 Dec). Country order: China, Egypt, Malaysia, Korea, Brazil, South Africa, India.

The 2025 summit sequence

The climate track — COP30 at Belem and COP31 at Antalya

COP30 of the UN Framework Convention on Climate Change was held at Belem, in the Brazilian Amazon, from 10 to 22 November 2025. The venue matters — Brazil deliberately put the climate conference inside the Amazon. About 56,000 delegates registered. The President of the conference was Andre Correa do Lago.

COP30 — the facts that get asked

Item	Detail
Where and when	Belem, Brazil, 10-22 November 2025
President	Andre Correa do Lago
Registered delegates	About 56,000
Outcome package	'Global Mutirao' — Portuguese for collective effort
Adaptation finance	Call to TRIPLE it by 2035
New mechanism	Just Transition Mechanism
Voluntary initiative	Global Implementation Accelerator
Fossil fuels	NO phase-out roadmap in the text

That last line is the whole political story of COP30, and it is the most examinable thing about it. The final decision text contained no roadmap for phasing out fossil fuels. The presidency instead promised separate roadmaps on fossil fuels and on deforestation at COP31. Now COP31 itself has an odd arrangement, agreed as a compromise announced on 20 November 2025: Turkiye HOSTS it, at Antalya, while AUSTRALIA holds the presidency and leads the negotiations. Host country and presiding country are different — exactly the kind of detail RPSC builds a question on.

COP30 and what it left to COP31

- If an option says COP30 adopted a binding fossil-fuel phase-out roadmap, it is wrong.
- The Global Implementation Accelerator belongs to COP30 — NOT to the G20 Johannesburg Summit. That swap is already an exam option.
- WMO Greenhouse Gas Bulletin 2025: atmospheric CO₂ reached 423.9 ppm in 2024.

CURRENT LINK

Volatile, as of September 2026: COP31 at Antalya takes place in November 2026, before the 6 December paper. Its outcome document, and whether the promised fossil-fuel roadmap actually appeared, will be fresh current affairs. Add it in the last fortnight.

The G20 — Johannesburg 2025 and Miami 2026

The 20th G20 Leaders' Summit was held at Johannesburg, South Africa, in November 2025. Its defining fact is simple and highly examinable: it was the **FIRST** G20 Leaders' Summit ever held on African soil. The theme was 'Solidarity, Equality, Sustainability'. The Leaders' Declaration ran to 122 paragraphs and invoked Ubuntu, the African philosophy of shared humanity.

G20 Johannesburg 2025 — what was launched

Initiative	What it does
Mission 300	Electricity for 300 million people in sub-Saharan Africa by 2030, World Bank with AfDB
Nelson Mandela Bay Target	On youth NEET rates — young people not in education, employment or training
Cost of Capital Commission	On the cost of borrowing for developing economies
Critical Minerals Framework	On critical mineral supply chains

- India's proposals at Johannesburg — G20 Initiative on Countering the Drug-Terror Nexus.
- G20 Global Healthcare Response Team.
- Global Traditional Knowledge Repository.
- Open Satellite Data Partnership.
- Critical Minerals Circularity Initiative.

Now the handover. The United States holds the G20 presidency for 2026. The 21st G20 Summit is scheduled for 14-15 December 2026 at Trump National Doral in Miami, Florida. That is **AFTER** your exam date of 6 December, so for RAS 2026 the summit itself is not yet news — but the presidency and the venue are.

TRAP

Do not merge the two G20s. Johannesburg = 20th, November 2025, South Africa, theme 'Solidarity, Equality, Sustainability', Ubuntu. Miami = 21st, December 2026, United States. And the Global Implementation Accelerator belongs to COP30, not to either G20.

BRICS, SCO, ASEAN and APEC — the plurilateral calendar

Take these four together, because RPSC sets them against each other inside a single matching question. The trick is the edition numbers. Learn them as one block.

Summit, edition, host — learn all three columns

Summit	Edition	Host city and date
G20 Leaders' Summit	20th	Johannesburg, November 2025
SCO Summit	25th	Tianjin, China, 31 August-1 September 2025
BRICS Summit	17th	Rio de Janeiro, July 2025
ASEAN-India Summit	22nd	Kuala Lumpur, 26 October 2025
APEC Economic Leaders' Meeting	2025	Gyeongju, Republic of Korea, 31 October-1 November 2025
India-Russia Annual Summit	23rd	New Delhi, 4-5 December 2025
UNFCCC Conference of Parties	COP30	Belem, Brazil, 10-22 November 2025

- PM Modi attended the 25th SCO Summit at Tianjin in person; Kyrgyzstan takes the SCO chair after China's 2025 term.
- PM Modi joined the 22nd ASEAN-India Summit virtually.
- The 22nd ASEAN-India Summit was at KUALA LUMPUR, not Jakarta. Jakarta only houses the ASEAN Secretariat — the secretariat's city is not the summit's city.
- India is a member of the G20, SCO and BRICS. India is NOT a member of APEC.
- BRICS works strictly by CONSENSUS. Further expansion needs unanimous agreement, not a two-thirds majority.

G20, BRICS and SCO - where India sits

India is in all three groupings; India is NOT a member of APEC.

India's BRICS chairship, 2026

- India assumed the BRICS chairship on 1 January 2026 and hosts the 18th BRICS Summit.
- 18th BRICS Summit: New Delhi, at Bharat Mandapam, 12-13 September 2026.
- Motto: 'Building for Resilience, Innovation, Cooperation and Sustainability' — the initials spell BRICS.
- Logo and website launched 13 January 2026; foreign ministers met in Delhi 14-15 May 2026.
- Members participating: Brazil, China, Egypt, Ethiopia, India, Indonesia, Iran, Russia, South Africa and the UAE.
- Guest chairs invited: African Union (Burundi), ASEAN (Philippines), CELAC (Uruguay), Gulf Cooperation Council (Bahrain).

India's BRICS chairship, 2026

CURRENT LINK

Volatile, as of early September 2026: the 18th BRICS Summit had not yet been held when these notes were compiled. Its declaration, the name of that declaration and who chairs BRICS in 2027 will all be new facts. Fill them in — a summit India hosted is an almost certain question.

West Asia — Gaza, the peace plan and Resolution 2803

This is the one conflict in the window that produced hard, datable facts, which is exactly why it is examinable. Follow it as three steps: a plan, then a summit, then a Security Council resolution.

The Gaza peace process — three dates

UNSC Resolution 2803 — the detail RPSC will test

Item	Detail
Adopted on	17 November 2025
Vote	13-0, with China and Russia ABSTAINING
Endorsed	The 20-point United States peace plan
Authorised	A 'Board of Peace' and an International Stabilization Force for Gaza

TRAP

Resolution 2803 was NOT adopted unanimously. The vote was 13 in favour, none against, two abstentions — China and Russia. 'Fifteen in favour, none against, no abstentions' is the wrong option, and it is the one most candidates tick.

- The Gaza Peace Summit was at Sharm el-Sheikh in EGYPT, a repeat venue for West Asian diplomacy.
- The Board of Peace and the International Stabilization Force both come from Resolution 2803, not from the Sharm el-Sheikh summit.

India's bilateral year — the visits and what was signed

Do not try to remember the diplomacy. Remember three things per partner — the occasion, the headline agreement, and the target number. It is the target numbers that RPSC actually asks about.

India's major bilateral engagements, December 2025 to August 2026

Partner	Occasion and date	Headline outcome
Russia	23rd India-Russia Annual Summit; Putin in India, 4-5 December 2025	16 inter-governmental agreements and 15 MoUs; trade target USD 100 billion by 2030
European Union	16th India-EU Summit, New Delhi, January 2026	India-EU FTA concluded — about 97% of tariff lines, 99.5% of trade value
Germany	Visit of 12-13 January 2026	12 Joint Declarations of Intent, 5 MoUs, 2 other agreements; visa-free transit through Germany for Indian passport holders
UAE	State visit to India, 19 January 2026	Trade target DOUBLED to USD 200 billion by 2032; 10-year HPCL-ADNOC LNG deal from 2028; UAE investment in Dholera SIR
Uzbekistan	August 2026	Ties raised to a Comprehensive Strategic Partnership; trade target USD 5 billion by 2030

- India-Russia trade at the time of the December 2025 summit was about USD 68.7 billion, heavily skewed towards Russian exports.
- Agreements on temporary labour activity and on combating irregular migration were among those signed with Russia.
- Under the India-EU deal, EU tariff elimination covers Indian exports worth about USD 33 billion and 144 EU service subsectors were opened to India.
- SIPRI data: Russia has supplied about 40% of India's arms imports.

TRAP

Two target numbers, two partners, and they are easy to swap. RUSSIA is USD 100 billion by 2030. UAE is USD 200 billion by 2032. Uzbekistan is the small one, USD 5 billion by 2030. And the 16th India-EU Summit was held in NEW DELHI, not Brussels.

Bilateral trade targets - which number belongs to whom

- PM Modi's five-nation tour ran 15-20 May 2026.
- Countries in order: UAE, the Netherlands, Sweden, Norway, Italy.
- It included the 3rd India-Nordic Summit, hosted by Norway.
- It was the Prime Minister's first visit to Norway in over four decades.

Summits India hosted at home

A state PSC pays extra attention to what happened on Indian soil, so this short list is worth more than its length suggests. Four events, each with one distinctive hook.

Hosted by India, 2026

Event	Where and when	The hook
India AI Impact Summit	New Delhi, 16-20 February 2026	Theme 'People, Planet, Progress'; Guinness World Record with 250,946 AI-responsibility pledges
11th Raisina Dialogue	New Delhi, 5-7 March 2026	India's flagship geopolitics conference
9th Indian Ocean Conference	Port Louis, MAURITIUS, 10-12 April 2026	An Indian initiative, but held abroad — note the venue
18th BRICS Summit	New Delhi, Bharat Mandapam, 12-13 September 2026	India's BRICS chairship year

TRAP

The 9th Indian Ocean Conference was at Port Louis, MAURITIUS — not in India. It is an Indian-origin conference held abroad, which is exactly why it makes a good wrong-venue option. Do not place it in Delhi.

- The AI Impact Summit's Guinness figure, 250,946 pledges, is the sort of oddly specific number RPSC likes.
- The 16th India-EU Summit of January 2026 was also held in New Delhi — add it to this list when you revise venues.
- Note the theme wording: 'People, Planet, Progress'. Themes get asked verbatim.

Changes of leadership abroad, and the Nobel Prizes 2025

Leadership changes come as a straight one-liner: who became the first woman Prime Minister of which country. Keep the list short and be certain about the 'firsts'. Of these four, Takaichi is the near-certain question, because 'first woman' plus a named country makes a perfect one-liner.

Leadership changes in the window

Country	Leader	When
Japan	Sanae Takaichi — JAPAN'S FIRST WOMAN PRIME MINISTER	Elected 21 October 2025
Bolivia	Rodrigo Paz, President	Took office November 2025
Netherlands	Rob Jetten, Prime Minister of a new minority government	Sworn in February 2026
Chile	Jose Antonio Kast, President	Took office March 2026

Now the Nobel Prizes for 2025. Six prizes, six answers. Learn the category-to-laureate pairing, because the question always comes as a match or as a 'which pair is NOT correctly matched'. The commonest confusion is Medicine with Chemistry — regulatory T cells is MEDICINE, metal-organic frameworks is CHEMISTRY. Peace and Literature are the two most-asked categories in any state PSC paper, so Machado and Krasznahorkai must be automatic. The prize is worth about 11 million Swedish kronor.

Nobel Prizes 2025

Category	Laureate or laureates	For
Physiology or Medicine	Mary E. Brunkow, Fred Ramsdell, Shimon Sakaguchi	Peripheral immune tolerance; regulatory T cells
Physics	John Clarke, Michel Devoret, John Martinis	Macroscopic quantum tunnelling and energy quantisation in an electric circuit
Chemistry	Susumu Kitagawa, Richard Robson, Omar Yaghi	Metal-organic frameworks (MOFs)
Literature	Laszlo Krasznahorkai, Hungary	—

Category	Laureate or laureates	For
Peace	Maria Corina Machado, Venezuela	—
Economic Sciences	Joel Mokyr, Philippe Aghion, Peter Howitt	Innovation-driven growth; creative destruction

ASKED IN RAS

ASKED IN RAS 2021 AND RAS 2023 — the TIME influential and pioneers lists. RPSC reliably carries one 'global recognition' question in its current-affairs block. In a paper held in December 2026 the Nobel roll is the most likely form of that question, so treat the six 2025 laureates as compulsory, not optional.

CURRENT LINK

Volatile, as of September 2026: the 2026 Nobel Prizes are announced from 5 to 12 October 2026, with the Peace Prize on 9 October at Oslo. That is two months before your exam, which puts the 2026 laureates squarely inside the syllabus. Write all six names onto this page the moment they are announced.

International organisations, their reports and India's ranks

Here is the highest-frequency item in the whole current-affairs paper. Global index rankings are a documented RPSC habit — Happiness, Ease of Doing Business, HDI, Hunger. Two rules, and only two. Always attach the EDITION year to the rank. Always know who PUBLISHES the report.

ASKED IN RAS

ASKED IN RAS 2021, RAS 2023 AND RAS 2024 — India's rank in the World Happiness Report. Three consecutive papers, which makes it the most repeated current-affairs fact in the exam. As of September 2026 the live edition is the World Happiness Report 2026, released 19 March 2026: Finland first for the ninth consecutive year, India 116th, up from 118th in the 2025 edition. It is published by Oxford's Wellbeing Research Centre with Gallup and the UN Sustainable Development Solutions Network.

India's ranks — always quote the edition

Index or report	Edition	India
World Happiness Report	2026	116th; Finland 1st for the 9th year running
Global Innovation Index	2025	38th of 139
Global Terrorism Index	2026	13th
Climate Change Performance Index	2026	23rd; topped by Denmark
Climate Risk Index	2026	9th most affected
Human Development Report	2025	130th
Global Hunger Index	2025	102nd
Corruption Perceptions Index	2025	91st
Global Gender Gap Report	2025	131st; Iceland 1st for the 16th year running

The two Germanwatch indices — do not merge them

Climate Change Performance Index 2026	Climate Risk Index 2026
Measures climate POLICY and performance	Measures climate IMPACTS suffered
India 23rd	India 9th most affected
Topped by Denmark	A ranking of vulnerability, not of merit
A better rank is good news	A higher position means more damage

Report to publisher — the matching question

Report or index	Published by
Global Innovation Index	WIPO
Global Terrorism Index and Global Peace Index	Institute for Economics and Peace
Climate Change Performance Index and Climate Risk Index	Germanwatch
Human Development Report	UNDP
World Happiness Report	Oxford Wellbeing Research Centre, with Gallup and UN SDSN
Global Gender Gap Report	World Economic Forum
Greenhouse Gas Bulletin	World Meteorological Organization
Global TB Report	World Health Organization
Arms transfer data	SIPRI, the Stockholm International Peace Research Institute

ASKED IN RAS

ASKED IN RAS 2021 AND RAS 2024 — the Ease of Doing Business ranking and DPIIT. One change of state to note: the World Bank's Doing Business report was DISCONTINUED, and India's last rank on it was 63rd. It has been replaced by the Business Ready (B-READY) assessment, and India's B-READY assessment was scheduled for 2026. Treat any fresh 'Ease of Doing Business rank' for India with suspicion.

- WMO Greenhouse Gas Bulletin 2025: atmospheric CO₂ at 423.9 ppm in 2024.
- WHO Global TB Report 2025: TB cases fell 21% between 2015 and 2024.
- SIPRI: Russia accounts for about 40% of India's arms imports.

How to attack any index question in the hall

REVISION RECAP

1. COP30: Belem, Brazil, 10-22 November 2025; President Andre Correa do Lago; about 56,000 delegates.
2. COP30 outcome, the 'Global Mutirao' package: triple adaptation finance by 2035, a Just Transition Mechanism, and NO fossil-fuel phase-out roadmap.
3. COP31, 2026: hosted at Antalya, Turkiye, with AUSTRALIA holding the presidency — the compromise was announced 20 November 2025.
4. 20th G20: Johannesburg, November 2025, the first ever on African soil; theme 'Solidarity, Equality, Sustainability'; 122-paragraph declaration invoking Ubuntu.
5. G20 Johannesburg launches: Mission 300, Nelson Mandela Bay Target, Cost of Capital Commission, Critical Minerals Framework. The US holds the 2026 presidency; the 21st Summit is at Miami, 14-15 December 2026.
6. India's G20 proposals: Drug-Terror Nexus initiative, Global Healthcare Response Team, Traditional Knowledge Repository, Open Satellite Data Partnership, Critical Minerals Circularity.
7. 25th SCO Summit: Tianjin, 31 August-1 September 2025, Modi present; Kyrgyzstan chairs next.
8. 17th BRICS: Rio de Janeiro, July 2025. India chairs BRICS in 2026 and hosts the 18th Summit at Bharat Mandapam, New Delhi, 12-13 September 2026, motto 'Building for Resilience, Innovation, Cooperation and Sustainability'. BRICS decides by consensus.
9. 22nd ASEAN-India Summit: Kuala Lumpur, 26 October 2025, Modi virtual. APEC 2025: Gyeongju, Korea — and India is not an APEC member.
10. Gaza: US 20-point plan 29 September 2025, Sharm el-Sheikh summit 13 October 2025, UNSC Resolution 2803 on 17 November 2025 adopted 13-0 with China and Russia abstaining.
11. Resolution 2803 authorised a Board of Peace and an International Stabilization Force for Gaza.
12. 23rd India-Russia Annual Summit: Putin in India 4-5 December 2025; 16 agreements and 15 MoUs; trade target USD 100 billion by 2030 from about USD 68.7 billion.

13. 16th India-EU Summit at NEW DELHI, January 2026; FTA concluded covering 97% of tariff lines and 99.5% of trade value, USD 33 billion of Indian exports, 144 EU service subsectors.
14. UAE state visit 19 January 2026: trade target doubled to USD 200 billion by 2032, HPCL-ADNOC LNG deal from 2028, Dholera investment. Germany, 12-13 January 2026: visa-free transit for Indian passport holders.
15. Uzbekistan raised to a Comprehensive Strategic Partnership in August 2026, with a USD 5 billion trade target by 2030.
16. Modi's five-nation tour, 15-20 May 2026: UAE, Netherlands, Sweden, Norway, Italy — including the 3rd India-Nordic Summit and his first Norway visit in over forty years.
17. Hosted by India: AI Impact Summit, New Delhi, 16-20 February 2026, theme 'People, Planet, Progress', Guinness record 250,946 pledges; 11th Raisina Dialogue 5-7 March 2026. The 9th Indian Ocean Conference was at Port Louis, Mauritius.
18. Leadership abroad: Sanae Takaichi, Japan's first woman PM, 21 October 2025; Rodrigo Paz in Bolivia; Rob Jetten in the Netherlands; Jose Antonio Kast in Chile.
19. Nobel 2025 — Medicine: Brunkow, Ramsdell, Sakaguchi. Physics: Clarke, Devoret, Martinis. Chemistry: Kitagawa, Robson, Yaghi for MOFs. Literature: Krasznahorkai. Peace: Maria Corina Machado. Economics: Mokyr, Aghion, Howitt.
20. India in indices: Happiness 116th (2026), GII 38th (2025), Terrorism 13th (2026), CCPI 23rd (2026), Climate Risk 9th (2026), HDR 130th (2025), Hunger 102nd (2025), Corruption 91st (2025), Gender Gap 131st (2025).
